Blackboard connect

Complete one form per family.

**Information from last school year has been rolled over.
This form is not required unless your contact information has changed or
you are new to the school district.**

Blackboard Connect is an emergency notification system used to notify parents and students of school closures, emergencies, announcements, etc. All school closure and emergency messages will be sent to your home phone number. You may also elect to add additional phone numbers including a student cell phone number and parent work or cell number. Some nonemergency announcements may be sent by text or e-mail.

List K – 12 students in your family (first and last name). Only one form per family is required. You must list student names here. If your student has a cell phone, please list THEIR number here. Parent information in next section.

Student Name (s):   Cell phone #:

_____   _____

_____   _____

_____   _____

_____   _____

_____   _____

List work or cell phone number for parents (where you prefer to be notified) and an e-mail address.
